

Draft specification

InDIAGO 510SB - 31.0 cm depth, 66.0 cm width

- For cabinet width 70 cm

Manufacturer: Granberg

Article Info

InDIAGO is a motorised lifting system that is lowered in a curved movement to the front of the work surface. The movement can be stopped at any height. The lift does not make the cabinet protrude further from the wall and it does not take up much space in the cabinet. It is easily mounted in existing or new cabinets without the bottom of the cabinet having to be removed. Strip lighting and light ramps are not affected by the lift since the bottom of the cabinet is left intact. The system also includes a function that automatically opens the doors when the unit is lowered. When the unit goes back into the cabinet, it slows down at the end so the doors are closed gently. The ingenious design also makes it possible to open the doors as usual when the unit is in the raised position. The cabinet unit is available in two heights that fit 70 cm or 85 cm high cabinets. The lift is available in two different depths and in a wide range of widths to fit cabinets that are 50-100 cm wide.

The lift can be integrated in kitchens from any kitchen manufacturer.

Description
InDIAGO 510SB - 31.0 cm depth, 66.0 cm width
- For cabinet width 70 cm

EAN
7340193101133

Specifications

Fits cabinet height

810 mm

Fits internal cabinet depth

From 310 mm

Type of lift

Diagonal lifting system for wall cabinets

Height adjustment

Motorised, steplessly adjustable 540 mm downwards, 373 mm outwards

Speed level

23 mm/sec.

Operation

Wired button or radio control

Automatic doors

Motor-driven automation that opens and closes the doors

Safety

Safety plate under the lifting system. If anything touches the plate, the lift stops.

Electrical connection

Plug for 230 V, Max 2.0A

Lifting force

40 kg (88lbs)

IP-class

IP 30

Fits cabinet width

500 - 1000 mm

Fits cabinet, side thickness

16 - 20 mm

Material

Cabinet lifting system in powder-lacquered aluminium (white). Back and ceiling of HDF. Shelves of white melamine (16 mm). Powder-lacquered sheet metal parts (white)

Warranty

2 years Warranty

This product is covered by a 2-year warranty against manufacturing defects.
